Infection Prevention Education

- _____ [California Department of Public Health Infection Prevention \(IP\) Series](#)
- _____ [Centers for Disease Control and Prevention \(CDC\) IP Training](#)
- _____ Association for Professionals in Infection Control and Epidemiology (APIC) self-study following core curriculum (requires membership)

Technological Skills

- _____ Computer literacy
- _____ Outlook email
- _____ Secure message
- _____ Surveillance software (if any)
- _____ Microsoft Word
- _____ Microsoft Excel
- _____ Microsoft PowerPoint
- _____ Intranet/Internet

IP Surveillance

- _____ Laboratory alerts/reports
- _____ Admission lists
- _____ National Healthcare Safety Network (NHSN)/McGeer infection definitions and criteria
- _____ Targeted surveillance (hand hygiene, isolation, etc.)
- _____ Central line-associated bloodstream infections
- _____ Catheter-associated urinary tract infections
- _____ California reportable diseases/health department notifications
- _____ IP unit rounds (frequency/forms)
- _____ Environment of Care (EOC) rounds
- _____ Construction/project rounds (as needed)

Exposure/Outbreak Investigations

- _____ Exposure/outbreak verification (case definition)
- _____ Notification (medical director, skilled nursing facility leadership, health department)
- _____ Action plan
- _____ Education
- _____ Performing inspections/interviews
- _____ Follow-up

Public Health

- _____ Regional epidemiologist introduction/role of health department

In-Service Education

- _____ Development of in-service content
- _____ Annual mandatory education
- _____ Presentation at general/nursing orientation
- _____ Resident education principles
- _____ Development of direct observation of practice tool
- _____ Teachable moments, on-the-spot education

Microbiology/Laboratory

- _____ Importance of quality specimen collection
- _____ Stains/cultures
- _____ Immunology
- _____ Chemistry/hematology

Environmental Services (EVS)

- _____ Importance of appropriate cleaning product selection
- _____ Cleaning, disinfection, and dwell times
- _____ Responsibilities (who cleans what)
- _____ Wet pack
- _____ Sterilization failure notification and follow-up

Policies/Guidelines/Regulatory

- _____ Department policies
- _____ Corporate policies
- _____ EOC manual
- _____ All Facilities Letters
- _____ Occupational Safety and Health Administration (OSHA): Including blood-borne pathogens standard, airborne protection
- _____ Centers for Medicare & Medicaid Services (CMS) Conditions of Participation (CoPs)
- _____ Environmental Protection Agency (EPA) waste management
- _____ APIC guidelines/practice standards/text
